School Precepts

Merit · Belief · Service

Motto

To Promote Excellent Technical Manpower
(Human Resources) Through Education

Educational Objectives

Merit culture · Belief culture · Service culture

Jeonbuk Science College is located in an outstanding natural landscape in Jeongeup City, Jeollabuk-do. The Korean Ministry of Education approved Jeonbuk Science College as a professional college. It is ranked as one of the top ten national technical colleges in Korea.

Fourteen departments/specialized areas have been established: Smart Information, Architecture; Civil & Landscape Architecture, Hotel Culinary Arts & Nutrition, Design, Broadcasting & Media, Hotel Tourism & Barista, Management & Administration, Social Welfare Education, Early Childhood Education, Nursing, Ophthalmic Optics, Dental Hygiene, Beauty Arts/Cosmetology and Practical Korean Language Studies.

For the convenience of foreign students, dormitories with modern facilities are available on the campus. In addition, Korean culture, customs, practices and social life exploration programs and trips are conducted every month.

Language Training Course (D-4)

Korean Language courses are offered from basic to advanced levels. It takes six months to two years depending on the ability of the students. During Korean Language course students have opportunities personally experience Korean culture : that makes our language program distinguished in the country. Our school continues to attempt to improve the language program to meet the needs of students.

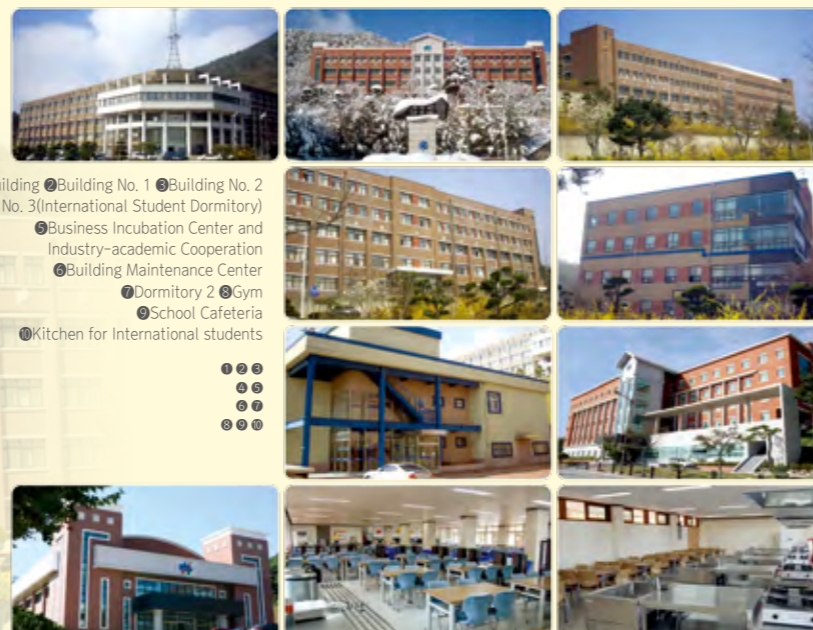

- New students, who are qualified for admission and who have Korean visas, will be enrolled in a class according to their language ability / according to their level.
- Passing the Test of Proficiency in Korean, TOPIK, level 3 is required for admission to the college courses.

Special Program

- During the academic year foreign students interact one to one with Korean students to deepen his/her experience with Korean lifestyles.
- In addition resident students have more opportunities to interact with lecturers, faculty and staff staying in the dormitory.
- Special program is field center education.
